Making an Online Giving Account

If you already have an email and password that you use to give online, then you already have an account and can log in with your existing account. If you need to create an account, fill out the short form and follow the prompts.

Once you hit “create an account”, you must verify the email you used by logging into your email account and clicking the link in that email. If you are already in our database, you will either be sent to “start giving online” or you’ll need to complete a few additional questions so we can add you to our database. Then you will be directed to online giving. If you have any questions or concerns while setting up an account, contact us at

info@thebridgesa.church or 210-509-1800.

How to Cancel Recurring Giving

1. Go to the Giving page
2. Click on “Regular Supporter”
3. Sign in to your account
4. Click on “Your Giving”
5. Click on “Give” (green button on top right)
6. Click on “Scheduled” in the middle of the page

This will bring you to your scheduled recurring gifts.

On the lower right, under the “pencil” icon (which represents “edit”), there is a “trash can” icon.

7. Click on the trash can icon.
A screen will appear that gives you the option to “confirm” or “cancel”
8. Click Cancel

This should stop your recurring payments.

Thank you for donating to The Bridge Community Church!

We take your decision to trust us with your financial gifts very seriously.
